

Ahead Tenant Sales Monitoring System

SOFTWARE SETUP

Mall Server

Location : Mall Office / Admin

- I. Ahead Application Software**
 - Ahead Tenant Sales Monitoring System
- II. Third Party Software**
 - Microsoft SQL Express
 - Operating System (Windows XP)
- III. Network**
 - Local Area Network
 - Internet Connection

Cashiering Terminal

Location: Tenant

- I. Ahead Application Software**
 - POS System
- II. Third Party Software**
 - Microsoft SQL Express
 - Operating System (Windows XP)
- III. Network**
 - Local Area Network
 - Internet Connection

The Ahead Tenant Monitoring System allows mall tenants to forward their sales report to the mall administration in order for a multiple-tenant commercially to track and acquire sales performance of the tenants.

FEATURES:

- Allows POS System in the mall to transmit sales report without the requirement that the network will have to be always online and constantly operational.

HOW IT WORKS? (SCREENSHOTS)
